**Planning**  
Rolfe Judd

**Construction Design:**

**Website:**  
[www.bronze-london.com](http://www.bronze-london.com)

Our £50 million scheme at Buckhold Road is the crowning glory not only of the Wandsworth Business Village but of Wandsworth itself. A 20-storeyed bronze clad tower with many units commanding views across the park and on to Central London.

Bronze fits with the theme of the lighting/lamp industrial heritage of the local area, but with a modern, more abstract appeal with its name reflecting the fantastic colour of the building's cladding.

With excellent public transport links, Wandsworth is well situated for getting into and around the centre of London. The development is located a 12-minutes-walk from Wandsworth Town station, 16-minutes-walk to the East Putney Tube station, 49 minutes by Tube to Canary Wharf and 38 minutes to Oxford Street in the West End. Wandsworth is a popular residential area and Bronze offers stunning views over King George's Park.

Home to central London's biggest regeneration area – on the South Bank – a multi-billion-pound investment programme is transforming this largely industrial district of Wandsworth into a brand new residential and business quarter. Several transformational large scale residential schemes have been undertaken over the last 10 years, particularly, the River Thames, 0.5 km to the north.

Many areas of London have gone through a period of regeneration, but none has done as well as Wandsworth. The completion of Bronze will be part of this exciting regeneration.
